

BEFORE THE
PUBLIC SERVICE COMMISSION OF WISCONSIN

Investigation to Assess Wisconsin's Potential for the Development
of Wind Energy Resources in Lake Michigan and Lake Superior

05-EI-144

**MUNICIPAL ELECTRIC UTILITIES OF WISCONSIN'S
REQUEST TO INTERVENE AND NOTICE OF APPEARANCE**

Pursuant to Wis. Stat. §227.44(2m) and Wis. Admin. Code § 2.21, the Municipal Electric Utilities of Wisconsin ("MEUW") hereby files its request to intervene in the above-captioned matter. MEUW's attorneys also file a notice of appearance.

STATEMENT OF INTEREST

MEUW is the trade association for Wisconsin's 82 municipal electric utilities, which are located throughout the state of Wisconsin. Each MEUW member is a public utility within the meaning of Wis. Stat. §196.01(5). The MEUW's members include municipal electric utilities that purchase power at wholesale to distribute to their retail customers. The Notice of Investigation in this proceeding indicates that the Commission intends to assess the technical and economic potential for developing wind energy resources in Lake Michigan and Lake Superior. MEUW members have a substantial interest in the Commission's findings and decision in this investigation because the availability of wind energy resources could ultimately affect their purchases of wholesale energy and their distribution of that energy at retail.
